

ISS Professional Development

ISS brings innovative professional development (PD) to educators and school support staff across the globe. Plus, the new **ISS EDUlearn Passport** makes it even more streamlined and budget-friendly to participate in the PD everyone is talking about:

Teaching and Learning

The classroom makeup is shifting more than ever before. Learn and share with educators from around the globe to stay on top of these important changes in the education field.

School Management and Operations

To support leaders and staff overseeing critical school and business management operations, ISS offers programs on topics essential to successfully running an international school.

Creativity and Innovation

Learning happens everywhere. Make your classroom a hub for change and collaboration with ISS creativity and innovation professional development.

Teaching and Learning PD

ISS delivers timely, relevant Teaching and Learning professional development based on international schools and educators' real-world demands. Join us to explore vital topics like:

- **Assessment & Feedback:** Learn to design creative assessments that will provide your students with timely, informative, and actionable feedback.
- **Curriculum & Instruction:** Make your international curriculum come alive! Explore innovative instructional strategies and proven practices that support student learning.
- **Diversity, Equity, Inclusion, and Justice (DEIJ):** Foster a safe, culturally responsive environment for all by reflecting DEIJ priorities in your school curriculum, and beyond.
- **Social & Emotional Learning:** To provide a nurturing learning space, explore how to support the social and emotional health of your school community.

Customer Comments:

"I loved the chance to connect with people around the world! What a great model for learning and take to our classrooms. [...] It is so inspiring to have examples for how schools are making a difference and taking risks!"

-B.D., past ISS Professional Development participant

- **Embracing Contemporary Pedagogies:** With new technologies and contemporary pedagogies, create personalized and challenging experiences for students.
- **Enabling Your Environment:** ISS can guide your school in deploying the right devices, services and platforms for your context.

Customer Comment:

“Our ISS CHALLENGE allowed NESAs to bring Design and Innovation to the next level. The process encouraged participants to collaborate across schools, iterate solutions to complex problems, crowd source feedback and prototype desirable solutions.”

-Maddie Hewitt, Executive Director, NESAs

Activating Communities

ISS CHALLENGES offers a seamless way for teams to crowdsource and build ideas aligned to their organization's vision. Whether you're developing a strategic plan, focusing on a new initiative, or seeking community feedback, ISS can create a customized design sprint that turns ideas into reality.

Professional Development

Join leading-edge workshops that cover contemporary learning environments, pedagogies, technologies, leadership, and more – all helping you explore your creativity and reimagine the future of learning.

INTERNATIONAL
SCHOOLS SERVICES

Making a world of difference

Learn more at
ISS.edu/Professional-Development

ABOUT ISS: As a nonprofit organization, International Schools Services (ISS) works with more than 800 international schools and tens of thousands of educators each year across its suite of services, creating the largest global footprint in international education support. Since its inception in 1955, ISS has promoted innovative best practices for global education. Core services include starting and operating student-centered, future-oriented schools; recruiting world-class educators and leaders; providing cutting-edge professional learning opportunities; sourcing essential school supplies; administering school foundations; and encouraging more diverse leadership in international schools. With offices in Princeton, NJ USA and Shenzhen, China and staff located across the globe, ISS invites all to join in making a world of difference. For more information, visit ISS.edu
